F. G. ADAMS. It will be seen by reading the Decree of the U. S. Court, that F. G. Adams' name is not included. We were told that his name was included by a former clerk of the court. Adams, of course, is clear of guilt.

The Leavenworth Times brings out for

A cheerful sunshine the said witnesses, and examine or cross examine them further, within the times the words to describe the weather of the previous day. At one o'clock yesterday morning the sky was clear overhead, and no bank of clouds stretched its weary length along the horizon. The signal officers said nothing of mit the same, and then to transmit the same to the same, and then to transmit the same to the same the storm's approach. "Old Probabilities" in a dispatch from Washington even informed us that we could expect clear weather and a northwest breeze, hence the surprise at the falling snow. It is common for people to imagine while plodding through snow heaps, and dodging the "nor-easters," that their experience is without parallel, and their experience is without parallel, and the other confiscation cases, and all exhibits and documentary evidence, and reshonever the weather is intensely cold newspapers will declare that "the weather yesorday was the coldest experienced for many years." Making all due allowance for such common-place assertions, we are bound to accord to the present winter the palm for mows. In 1865, we believe, the ning lasted for six weeks, and the livery men were glad when the snow resolved itsel into water, because their horses were worked down, and their sleighs used up. We have already had two weeks of sleighing this winter, and before the snow fall of yes terday "old sliders" pronounced the sleigh-ing the best ever known.

Never has a medicine taken internally been known to have cared tumors either of the womb, uteri, ovaries, or bowels; the knife has been the sole reliance is the hands of experienced surgeous; but Dr. Radway's Sarsaparilla settles this question. For it has cured over twenty persons of Ovarian Cyats and Tumors, as well as Tumors of the Bowels, Uterus, Womb, Liver, Dropsical Effusion, Aacties, and Calculus Conception.

But in the building up of churches, schools and good society, we believe we are behind no town or county in the State of equal age, population and facilities. The enterprise and liberality of our citizens in this direction is beyond praise. We offer to our children the Bible instead of the implements of degredation, and instead of the liquor saloon and baunts of vice, the church and school, and we hope and trust that so it may remain. DR. Kapway .—I have had Ovarian Tumor is the ovaries and bowels. All the doctors and "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no inith in it, because I had suffered for twelve years. I took its bottles of the Resolent, one box of Radway's Pills, and used two bottles of your Ready Relief; and there is not a sign of a tumor to be seen of relit, and I feel better, smarter, and happier than I have in twelve years. The worst tumor was in may remain.
